HEIFER INFO AND DATA

As soon as possible after pregnancy check, we will publish the sale offering on our website. We will also print a sale supplement that will be available at the ranch the week of the sale and on sale day.

If you are interested in purchasing heifers, please let us know so that we can notify you as soon as we have definitive answers as to the heifers selling and their pregnancy status.

We will have phenotypic data including ultrasound, EPD's that will be gnomically enhanced with HD 50K and full parent verification. We will have ultrasound pregnancy verification on all bred heifers and veterinarian call as to AI or natural bred as well as the bull AI'ed to and bulls used as clean up. All open heifers will be sold ready to breed at buyers option. Registration papers can be provided for an additional $200 per head.

HOW HEIFERS WILL SELL

Heifers will sell in lots of three. Total price will be 3 X the bid price. Bred heifers will sell first and open heifers will follow. Buyer of the first lot will have the option to buy any other lots at the bid price and this option will remain on each lot sold until all bred heifers are sold. Open heifers will be handled in the same manner.

Videos will be representative of the heifers being sold but will not be the exact heifers being sold at the time. Buyer will have ten days from date of purchase to verify pregnancy status if so desired. Transportation of heifers will be the responsibility of the buyer.
