TERMS & CONDITIONS

1. The Sales Management acts only as an agent. **ALL RESPONSIBILITY AND GUARANTEES ARE BETWEEN BUYER AND SELLER.**

2. The highest bidder will be the buyer. If dispute arises between two or more bidders, the horse in dispute shall immediately be put up again for advance bids. If there are no advance bids, the horse shall go to the person from whom the auctioneer recognized the last bid.

3. The auctioneer will decline any bid made by parties who have defaulted in former purchases, or by persons who, in his judgment, are not responsible bidders.

4. All horses must be paid in full in the sales office prior to leaving the premises.

5. Upon receiving payment for a horse, the cashier will issue an order to obtain delivery. Buyers are cautioned not to lose these orders. Buyers assume all expenses and risks on horses after they have left the auction ring. Buyers must make arrangements with the sale company for care of stock until they can be removed.

6. Upon failure of compliance with any of the above conditions, the lot shall be resold by public or private sale, and the deficiency (if any) attending such resale shall be made good by the defaulter immediately.

7. If any person shall purchase a lot and not pay for it as prescribed above, nothing shall prevent the auctioneer or the owner from compelling the purchaser to pay for it if the auctioneer or seller shall so deem fit.

8. Every effort has been made to ensure correctness of the catalog. However, the sales management and auctioneer are not responsible for errors or omissions, and therefore assume no liability on its part or on the part of the seller as to any statements, either verbal or written, regarding any horses sold.

9. All known defects will be announced before each horse is started. Every horse will be sold under this rule. Therefore, no horse can be rejected by buyer once struck off by the auctioneer.

10. Immediately after the horse is sold, it will become the sole risk and responsibility of the buyer, but possession of the horse cannot be obtained until full payment has been made.

11. Buyers and spectators are cautioned to be careful while on the grounds and particularly while horses are being shown in the ring. The management cannot be responsible for any accidents.

12. Transportation will also be available at reasonable rates anywhere in the United States.

13. Consignors are reminded to bring registration papers, breeding certificates, signed transfers and Coggins tests the day of the sale. They should be turned in to the office before the sale.

14. REGISTRATION PAPERS WILL BE GIVEN TO THE BUYER AS SOON AS CHECKS HAVE CLEARED. PAPERS WILL BE GIVEN TO BUYERS WHO PAY WITH CASH, CERTIFIED CHECKS, OR MONEY ORDERS.

BUYER'S RESPONSIBILITY

The buyer has the responsibility to examine a horse carefully before they bid on it. If you have any concerns about conformation faults or defects, size, attitude, stall manners, riding ability or anything else, check it out BEFORE you bid. If you buy a horse on impulse, without shopping it before you bid, you may expect to find some surprises. In that case, you still own the horse. The seller is not responsible for you if you don't shop the horse. Once you bid on a horse, you are indicating you have shopped enough to satisfy yourself and no one else is responsible.

He's so quiet to have around sometimes you'll forget he's there. Willie is broke the very best and suitable for the whole family. If you can climb on, you can ride him. Willie carries the flag, pushes around the big jolly ball, and will move through any obstacle with ease. Many miles of trail experience and sure footed on the roughest terrain. Lopes pretty circles and is soft in the face and sides.

Super handsome with just enough chrome and one blue eye. He came directly to us out of Shawn Flarida Reiners, being owned by his son. Since we have owned him, we have ridden him outside, exposed him to cattle, taken him to a few ranch riding and ranch trail events. He does all the reining maneuvers. He has a big stop, low head, gorgeous turnaround, lopes pretty circles and changes leads. He has a big trot for the ranch classes and plenty of body control for ranch trail. Sampson is a very kind horse that doesn't get upset easily. We are proud to offer him!

True blue and kind as can be. "Ultra" is the kind of horse that people spend years looking for. He's got the kind of confirmation that could withstand a tornado with his big hip and strong shoulder. "Ultra" has seen miles and miles of the outside world working on a cow calf operation in Nebraska. He's been started out of the box on the heel side and knows how to work a rope in and out of an arena. The beautiful thing about this horse though is that you don't have to be a cowboy to ride him. He's supple, quiet, and gentle for someone who just wants a safe horse to enjoy. "Ultra" changes leads, wants to step around, and loves to stop. "Ultra" is a horse you will surely enjoy when you get him home.

Davis is a compact, fancy chocolate palomino gelding, standing 14.2 hands. Davis came to us as a 2 year old out of a reining program. He has always been sound and has had no hock or stifle injections of any sort. Not only does Davis do all the reining maneuvers but he is an extra fancy mover. He has a beautiful lope that will attract attention for the 2023 newly approved AQHA Ranch Trail classes. He's got a big trot, his turns are super correct, and he has a good stop with an easy lead change. Davis has been hauled and does well with new situations. He rides wonderful outside, not spooky, doesn't get flustered easy. We have started him on the hot heels, and he is showing outstanding potential as a ranch versatility or high end rope horse prospect. He is a nice horse to be around with a fun personality.

Check out this fancy chromed out sorrel gelding. This guy turns heads everywhere he goes! “Frog” is a finished cutter with $1,400+ NCHA earnings. He is super fun to ride and show. He really moves his feet and would do good in the sorting and penning as well. Been hauled all over. Frog is great out on the trail and crosses anything that might come across your path.

Here is a pretty palomino that anyone can ride! “Cisco” has a really cool turnaround, a big stop, and will change leads whenever you ask. He would easily make a great ranch riding horse or could really go in any direction you wanted. He will give you that gorgeous rocking horse lope and does it with a nice loose rein. Cisco is one you can take home, jump on and go. He gives you the same ride every time and is gentle to handle. Easy to bathe and clip.

"Batman" is a beautiful 13.2 hand gypsy that is a good size for the whole family. He is a 2016 GVHS registered gelding who rides English, Western and drives single. This guy has been shown since he was a yearling and is absolutely wonderful to be around. He is easy to catch and when he isn't doing arena work, he loves to go into town for ice cream or a burger. He's a farm favorite and the first horse to come say hello. He will stand for hours for grooming and is a gentleman on the road. He has lots of feathering and a big thick tail that all the kids have fun braiding.

PUNCHY

2011 Black Tobiano Friesian/Gypsy Gelding

52

Punchy is one of the coolest geldings I've owned. His resume is miles long; from a pick-up horse, to ranch work, roping in the field and out of the box, and giving carriage rides and parades. This Friesian/gypsy cross is sure to get you noticed with his long thick mane and tail. He stands 15.2 hands and weighs close to 1500lbs; he as wide as he is tall! He has had 2 owners his entire life and spent most of his life in South Dakota giving rides to tourists and hunting guests. He can pack saddle bags all day and carry elk down the mountain. He is safe for youth and beginners. This is one of the coolest geldings to ride out in the woods. He's the closest thing you will get to riding a mountain goat; sure footed and safe, no log is too big, no ditch is too steep, and no river too deep. He can easily maneuver his way through the roughest terrain. Punchy has encountered all kinds of wildlife without twitching an ear out of place. Punchy is the same horse every time you ride him. If you are a first time rider looking for your first horse to hit the woods on, or to do ranch work on, Punchy is your guy. With just a snap of a finger, Punchy will side pass to a log, gate, picnic table, or rock for mounting and dismounting. He also stands great for mounting from the ground. Easy to load in and out of the trailer and hauls great. Punchy is shod all the way around and UTD on dental and vaccinations. He also gets along with others in the field.
