

PROGRESSIVE | FUNCTIONAL | PROVEN PERFORMERS

WELCOME TO BARTELS ANGUS

Fellow Cattlemen,

The Bartels Family would like to personally invite you to join us on Tuesday, March 21, for our annual production sale. We are excited for you to evaluate this year's bull crop. My wife brought it to my attention that every year I say "this year's bull crop is the best we've ever produced". Each year we continue to learn and improve to better serve you. So, I can say with confidence, this year's bull crop is the best we've ever produced and we can't wait to share them with you.

As you analyze the offering, I hope you also notice that we take an aggressive approach to embryo transfer. You also may notice that many of the embryo calves are out of older, more time-tested cows. This reverts back to our focus on productive and proven females. One-fifth of the sale is out of cows ten years old or older and that's a fact we are proud of. We know that time is money and you don't have time to mess with problem cows or calves. We do our best to perfect our herd, to in-turn do the same for you.

We realize there is a bull sale every day this time of year and know you have many choices in seedstock providers. That's why we want your experience to be much more than buying a bull. Our goal is to build relationships and to help you become more profitable. We want to genuinely thank all of our customers who have been with us for years. We appreciate your business and confidence in us. Your loyalty means the world to us! For those of you looking at our program for the first time, we welcome you, and want you to know we are committed to helping you be successful.

We value the time spent before the sale discussing your herd's needs and goals and welcome you to the ranch anytime to evaluate the bulls. We thank you for your interest and love to talk cattle, so feel free to call anytime.

Mike & Jill Bartels | Craig & Brenna Bartels

Bulls are available for viewing at any time. Please call ahead for showing arrangements. The bulls are currently penned at the development center on 43 Road. On sale day they will be moved to the sale site and penned in sire groups.

WATCH AND BID LIVE ONLINE AT SUPERIORLIVESTOCK.COM!

Instructions on page 4.

VOLUME DISCOUNTS 5% on purchases of 5-9 head 10% on purchases of 10 or more head

ACCOMODATIONS

DELIVERY We provide free delivery on bulls within a 300 mile radius and on purchases over \$10,000. For bulls going beyond 300 miles, we will help coordinate delivery to get the cattle to you as economically as possible. If buyer is under a time constraint for breeding bulls, the buyer is responsible for timely shipping. A \$100 discount per bull is given if bull is taken home by April 1. Buyer must have them removed by April 1. **SIGHT UNSEEN PURCHASES** If you are unable to attend the sale but wish to place a bid, call Mike Bartels 402-746-4858, Craig Bartels 402-746-4856, the auctioneer or any of the sale-day representatives. We will handle your bid like you would if you were sitting in the stands

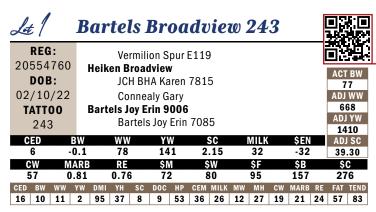

bidding options. **GENETIC TESTING** Most of the bulls have been tested with the Angus GS DNA test. All cattle that are suspect by pedigree for any known genetic defects have been tested. There were a few bulls where genetic testing had not been completed as of sale book print. Those results will be available sale day if not before.

yourself. Your complete satisfaction is guaranteed. Our sale will also be

broadcasted live on Superior Livestock which offers real-time and proxy

GUARANTEE All bulls are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90 day period following the first turnout of the bulls. Credit for the purchase amount less \$2000 (buyer keeps salvage value) will be applied toward a replacement of an injured bull. Credit is for a replacement bull or credit in the 2024 sale.

HOW TO USE THE QR CODES

Each lot has a unique QR Code that will play a video of that specific bull.

- 1. Open the camera app on your smart device.
- 2. Hover over the QR Code in the catalog.
- 3. Tap the link that appears to view a video of that specific lot.

Please note that videos will not be available until two weeks prior to the sale.

TERMS OF SALE Settlement is to be made on sale day. Cattle will not be released until payment is received. All registered animals will be transferred if requested.

PERFORMANCE INFORMATION EPDs are from February 24. Up-to-date bull yearling weights, scrotal measurements, and ultrasound information will be available online in early March and on sale day as a supplement sheet. Updated EPDs can be viewed on www.angus.org by entering the bull's registration number. All announcements on sale day take precedence over what is printed in this book.

LIABILITY All persons attending this sale do so at their own risk. Bartels Angus and the Bartels family assume no liability for accidents or injuries that occur on the sale premises.

RETAINED INTEREST Bartels Angus is selling 100% possession and semen interest in all bulls unless noted or announced on sale day.

INSURANCE Jared Mohnen of Dakota Ag Insurance will be available for anyone wanting to insure their purchases. Jared Mohnen..................................605-682-1368

HERD HEALTH AND CUSTOMER SERVICE

There's enough challenges in the livestock business. We don't want herd health to be one of them.

All bulls have been BVD and Johne's tested negative. **All bulls** will have individual "840" EID tags

Every lot has been DNA tested and parent verified

All bulls have been freeze branded on their right hip

CONVENIENT BUYING OPPORTUNITIES

- 1 IN THE STANDS. Nothing beats attending the annual sale. The opportunity to walk the cattle around, see old friends, and enjoy the post-sale refreshments can only be experienced live and in person. We hope to see you, "shoot the bull", and as always, assist in anyway possible.
- 2 ONLINE. Superior Livestock will be broadcasting the sale live. Instructions are below on how to watch and bid.
- 3 ON THE PHONE. Call us up! If you can't be here but still want to be "in the action" pick up the phone! We sell a lot of bulls this way and its great! Call any of the contacts on the info page and we will handle whatever you need.
- 4 LEAVE YOUR ORDER. If you are unavailable sale day, or simply want us to handle it, we have you covered. You can leave your order with Mike (402-746-4858), Craig (402-746-4856) or any of the sale day staff. We are here to help you and will take care of your needs.

Don't let your distance, work, or weather keep you from the cattle you need. We are here to help!

WATCH AND BID ONLINE AT SUPERIOR LIVESTOCK

VIEWING THE AUCTION. The auction will be broadcast online at Bid. Superior Livestock.com and the pre-recorded videos will also be hosted there. You do not need an account just to watch the auction or view videos of the sale offering.

ONLINE BIDDING. Go to Bid.SuperiorLivestock.com for Superior's new online bidding platform. If you have not registered there before you will need to create an account. The first time you register an account you will receive a confirmation e-mail that you must click on. Once you have completed this, select the auction you would like to bid on and click the "Request a Buyer Number" button. The first time you request a buyer number you will be sent a confirmation code via text. Enter that code in the login portal and you will receive a buyer number. This 2-step verification process will only have to be done once and in the future you will be able to simply login and request a buyer number and receive

it instantly for any auction. Once you have successfully registered and received a buyer number it will show your name and buyer number on both the video preview page and the online bidding page when you are logged in. If you have an account at LiveAuctions.tv you may skip the registration process and use those login credentials to request a buyer number as LiveAuctions is a division of Superior Livestock. For more details on registering an account and also how to bid, you may watch a tutorial at Bid.SuperiorLivestock.com/how-it-works.

TURN IN BIDS OVER THE PHONE. This is Superior's traditional method of buying cattle and is the suggested process for anybody who does not have consistent, high-speed internet. You still must register an account at Bid.SuperiorLivestock.com and request a buyer number. Once you receive a buyer number you will see the bid line phone number. Just watch the auction online and call in at least 2 lots ahead of the lot you are looking to bid on. A Superior Livestock representative will be with you on the phone and will assist you in placing bids.

For assistance, call Superior Productions at 800-422-2117.

BARTELS

From Campbell go 1/2 mile west on Hwy 4. Turn south on 43 Road 9 miles to L road. At the intersection of 43rd and L Road turn west and go 1/2 mile. Sale site is the Bartels Farm Elevator on the north side.

From Riverton go 1/2 mile east on Hwy. 136 to 43 Road. Then go north on 43 Road 5 miles to L Road. Turn west on L Road and go 1/2 mile. Sale site is the Bartels Farm Elevator on the north side of the road.

The bulls are penned on the southeast side of the intersection of 43 Road and M Road at the Bartels Bull Development Lot.

Mike Bartels 402-746-4858 Craig Bartels 402-746-4856

thank you to our crew!

We also want to take an opportunity to say "Thank You" to our family and our great crew. Craig and I are blessed to be surrounded by a great group of guys that always jump into whatever the project is. Eric Antholz and Dan Marks have been here since I was in kindergarten! They handle the day-to-day operations of our crop operation and much of the mechanic work we have. Chris Goebel is our Jack of all trades and handles everything from calving and breeding to haying and irrigating. Kasey Ord is our livestock specialist and manages the feedlot and much of the chute work around breeding season. He also helps with some of the haying duties and much of the grain handling. Bailey Wink started with us last summer. His diverse livestock knowledge and can-do attitude make him a great new addition to our crew!

Those of you in this business also know the time commitment involved, and we know we couldn't do it without the help and support of our families.

We want to take a moment to say Thank You to our wives and kids, as well as our parents. The support and help they give is immeasurable and we are

thankful for it every day!

DAM'S WWR 2@106. Recommended for heifers. An outstanding son of Broadview takes first position this year. His soft, smooth, and soggy phenotype along with his quiet disposition will make him a favorite for those looking to breed large groups of heifers. His cow family is loaded with Connealy cow royalty including Joy Erin of Conanga 8352, and Joy Erica of Conanga 915. An in-depth study of his EPD package puts him in rare company with his abundance of balance in all economically relevant traits.

Broadview, an ABS bull, has many of the economically relevant traits we want to build upon. Calving ease, end product merit, large scrotal EPD, and plenty of growth and power. His pedigree suggests his daughters will be top notch.

DAM'S WWR 1@116. Recommended for cows. Huge growth projections on this Broadview son. Ranks in the top 1% of the breed for WW, YW, CW, and \$W. Dam was our pick of the 2021 McKellar Angus sale. He was big at weaning and finished well.

BARTELS

ANGUS

With an abundance of moisture across parts of the country and a cattle market that shows no signs of slowing down, it's a great time to be in the business. Without a doubt, we are entering a time of the highest feeder and fed cattle prices we have ever seen. Demand for the steers and replacement quality females you produce will be unprecedented.

Owned with Connealys and Crawfords, Payraise has been a resident herd sire here for several years. He is as thick and wide based as any angus bull I've seen. His daughters in production here are fleshy and soft made with plenty of body and a perfect udder.

Le 18 Bartels Payraise 217

Clarity, an ST Genetics bull, was selected for his outcross maternal pedigree and outstanding data. His progeny are deep sided, thick, and middle-of-the-road for frame size. Deceased, his semen has recently brought \$2000 per straw and his progeny have been highly sought after.

FLUSH BROTHERS LOTS 25-28

6

66

An outstanding flush of calving ease bulls. These flush brothers by Clarity represent our next step forward in propagating the Elmay cow family. These are real world beef bulls with cowmaker credentials and maternal predictability. Their dam by Bartels Asset is a favorite in her calf crop and a maternal sister to 4003, the dam of Bartels Bonanza 01 and Bartels Resilient 145. Expect to see big things in the future from their flush sisters as they are equally impressive.

DAM'S WWR 8@107. Recommended for heifers. This outstanding ET son of Clarity/9023 was the only bull in his flush. His dam, born in 2009, is one of our best old cows with a current BW ratio of 96 and a YW ratio of 107 on 9 calves. Grandam is an elite pathfinder.

FLUSH BROTHERS LOTS 30-31

Recommended for heifers. As the next generation of Elegant Lass matrons, 9042 brings these two exemplary bulls for your assessment. Clarity/316/Reflection is a pedigree loaded with maternal greatness and we have high expectations for their offspring. Numerically, these bulls will work in most all situations and will improve end product merit also.

An Alta Genetics bull, Big Valley stamps his progeny with big hips, tops, and good looks. His daughters in production here have plenty of volume and nice teat size. The bulls in this pen have a lot to offer.

FLUSH BROTHERS LOTS 44-48

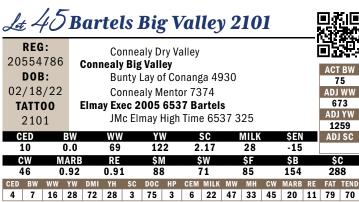

DAM'S WWR 3@103. Elmay Exec 2005 has been one of our leading donors for many years. This flush of Big Valley sons showcases her ability to produce progeny that excel in the economically relevant traits that keep everyone in business. Her consistent ability to produce stout, fleshy, deep bodied bulls with large scrotal development and excellent feet is unparalleled in our herd. Sons include the Penz Angus herd sire Bartels Gunner 845, and grandsons include the \$77,500 Bartels Bonanza and the \$16,000 Bartels Resilient 145. Her most important legacy may be her daughters including 9158E, 5026, and 4003. All have top tier sons in this sale.

Bunker topped our sale in 2019 to Raven Angus with a full brother being the second high seller. Bunker has exceeded our expectations for producing cattle that come easy and grow well. Generally, they are long spined, soft middled, and very quiet. We expect his daughters to be top notch.

Milestone, an ABS bull, was a late arrival here during breeding season so his crop is extremely limited. He was chosen for his birth to yearling spread, along with excellent feet, and maternal power. Dam is a 12-year-old Pathfinder that traces back to the angus matron Sitz Everelda Entense 1137.

DAM'S WWR 2@113. We received Milestone semen on one of the last days of our breeding season so we didn't get as much put in as we wanted to. The calves we have are long bodied with a calving ease look. They are born easy and have excellent vigor. With Everelda Entense, Blackcap May, and Black Crane in the same pedigree, we expect outstanding daughters.

We were fortunate enough to get a few straws of No Doubt. Because of its rarity it was only used in our Embryo Transfer Program. His calves have been in high demand across the country and rightly so. They quickly rise to the top as calves with adequate growth and excellent phenotype. Help yourself to these bulls as there are not many around.

FLUSH BROTHERS LOTS 73-76

DAM'S WWR 2@96. This set of No Doubts exemplify our ideas of balance. Generally they are Deep sided and dense made with excellent feet and a quiet disposition. Their dam, Bartels Elmay Exec 5026, is unmatched for phenotype, performance, production, and fertility. She is the highest \$C, second highest \$B. and third highest Scrotal Circumference EPD daughter of Onward in the breed. Her sons and daughters will highlight our sales for years to come. Her maternal sister, Bartels Elmay Exec 4003 is the dam of the \$78,000 Bartels Bonanza 01 and her dam, Bartels Elmay Exec 2005 is the dam of our high selling yearling bull in 2019, Bartels Gunner 845. Maternal brothers to lots 65-66.

Downpour will sire massive, easy fleshing progeny with power and pay weight. His daughter milk well and have plenty of capacity.

FLUSH BROTHERS LOTS 77-80

DAM'S WWR 6@110. Crossing two premier cow families has produced four performance bulls with gas in the tank and the potential for maternal greatness. Their Pathfinder dam, Patricia Y468, is a maternal sister to angus royalty including KCF Bennett Fortress, Summation, and Citation. The first Y468 daughters here exhibit exceptional mothering ability, abundant milk, and excellent performance. This will also be the last set of direct sons of Y468. If you sell by the pound look here. Downpour is siring large scaled cattle with mass and muscle and these bulls are no exception.

Countryman, owned with Blake Crawford, was our pick of the 2020 Connealy spring sale. With several calf crops under his belt, Countryman has solidified himself as a calving ease bull with ideal growth. This high \$C sire is loaded with convenience traits, and his pedigree reads maternal excellence. First daughters here are impressive.

FLUSH BROTHERS LOTS 88-89

DAM'S WWR 6@108. Recommended for heifers. These uniquely bred bulls came to us as embryo purchases from Knoll Crest. Thomas Patricia 9705 is one of the breed's elite females with sons and grandsons in Al studs and purebred herds across the county including KCF Bennett Summation, KCF Bennett Optimizer, KCF Bennett Fortress, KCF Bennett Revere, and KCF Bennett Immense, as well as the \$65,000 2020 Angus Foundation heifer. Fintry of Graham 48708, raised in the historic Graham herd in Albany Georgia, is an outcross bull to most everything available today. His progeny are generally deep sided, free moving, and quiet. The few daughters we have had are very productive cows.

DAM'S WWR 3@105. Recommended for cows. Last, but most definitely not least, is this standout Renown son. His dam, Elsa Plus 2020 is also the dam of Accelerated Genetics bull Bartels Asset 402. This bull will catch your eye with his sharp made front and flashy design. We produced this flush several years ago but just got around to putting these eggs in, and glad we did! Good bull!

50 OPEN COMMERCIAL HEIFERS

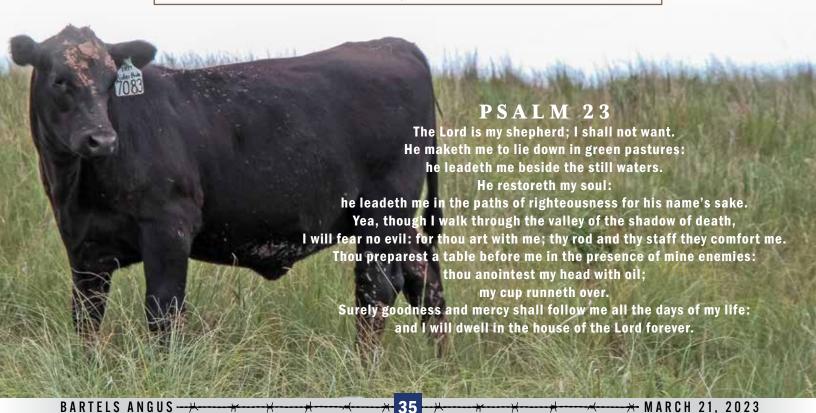

This year we are offering 50 open commercial Angus heifers private treaty. These females come from our registered and commercial herds. They are straight bred Angus and descend from some of our best bulls. They have been Officially Calfhood Vaccinated and had their reproductive tract checked and scored. They are also up to date on their vaccinations and are ready to breed. This year, however, they will not be a part of this sale. Instead, they are available now through the bull sale privately, first come-first serve. They will weigh roughly 800-900 pounds and will be available in multiples of 5. They are priced at \$1600 per head. Please contact Mike if you have interest in these females. If you cannot pick them up, delivery cost is the buyers responsibility and heifers must be removed by April 1.

If you have any questions, call Mike at 402-746-4858.

Delivery cost on these heifers is at the buyers expense and must be removed by April 1.

REGISTERED HEIFERS

There are no registered females in this sale because we wanted to get everyone calved out and data collected. We will have registered and commercial pairs available private treaty close to grass time.
